INDUSTRIES & COMMODITIES WE SERVE

Enabling Growth Across Diverse Industries

We provide Customs Consultancy & Clearance, freight forwarding and logistics support for a wide range of industries, helping businesses move their cargo efficiently and in full compliance with applicable regulations.

01 Metals & Scrap

- Ferrous and non-ferrous metals
- Metal scrap and recycled materials
- Customs clearance and regulatory support
- Handling and transportation solutions

02 Fabrics & Textiles

- Raw fabrics and textile materials
- Yarns, made-ups and garments
- Import documentation and compliance
- End-to-end logistics support

03 Food Products

- Processed and packaged food items
- Food ingredients and additives
- FSSAI regulatory support
- Temperature-sensitive cargo handling

04 Electronics

- Consumer electronics and components
- Industrial and electrical equipment
- Regulatory compliance assistance
- Secure handling and transportation

05 Mobile Accessories

- Mobile phones and accessories
- Chargers, earphones and peripherals
- Import documentation and compliance
- Safe and secure logistics solutions

06 Hardware

- Building and industrial hardware
- Tools, fasteners and fittings
- Customs clearance and classification support
- Efficient logistics and delivery

07 Sanitary Ware

- Sanitary and bathroom fittings
- Ceramic and allied products
- Import documentation and compliance
- Careful handling and safe delivery

08 Timber & Wood Products

- Raw timber and wood products
- Plywood, MDF and allied materials
- Regulatory and documentation support
- Transportation and customs clearance

09 Coal & Bulk Minerals

- Coal and coal-based products
- Bulk cargo handling and transportation
- Port operations and documentation support
- Efficient and compliant cargo movement

10 Imitation Jewellery

- Fashion and imitation jewellery
- Costume jewellery and accessories
- Import documentation and compliance
- Careful handling and secure delivery
